Subject: Gulfco Marine Maintenance - KTI Fish (Mannesman Capital Corp.) -
Request for extension to respond to 104(e) questions incl. in GNL

I just received a voicemail message from Malachy Finnen, General Counsel for Technip USA Corporation, Houston, TX (281.249.2635). I returned Mr. Finnen's phone call, and he provided the following information:

CT Corporation forwarded EPA's GNL/104(e) letter to Technip USA Corporation, #3 Post Oak Central, 1990 Post Oak Blvd., Suite 200, Houston, TX 77056, and Finnen just received the letter *this morning*. Finnen explained that Mannesman Capital sold KTI Fish's stock to Technip in approx. 1999, and he needs a 30-day extension to have his staff research and examine the agreement for specific details relating to the stock sale.

I advised Finnen that he should request the extension needed via email and that we would grant the extension electronically.
